Dear Parent,

As part of our school's new approach toward the way we communicate with you, we are excited to inform you that we now offer interactive, graphically rich, full colour professional electronic newsletters to all our parents.

The concept of eNews is similar to the printed paper newsletters which we already send out regularly, but with added benefits – eNews is personally delivered directly to your email inbox via the Internet. This delivery method has many advantages.

It is cost effective, time efficient & personalised to your name. Most importantly our school receives this service completely free of charge from Australian Newsletter Services who also supply our paper newsletters with the help of advertisers.

To receive this service all you need is a computer with internet access and email. Those who currently do not have internet access at home can still receive our traditional paper newsletter.

With our eNews service the distance between the school and the parents will be further shortened as the parents will be able to experience firsthand what activities the school is currently undertaking and the latest information on Academic, Health, Sport and other areas that may interest you. This way the whole family can share the success stories of your children as these eNewsletters can be forwarded to anyone with email.

To sign up for our eNewsletter please fill in the attached form and send back with your child.
