Woolloowin State School Dress Code

Aim

All students of Woolloowin State School are expected wear the full school uniform to school every day.

Rationale

The P & C Association of Woolloowin State School resolves that it supports a student dress code for Woolloowin State School because it believes that a student dress code at Woolloowin State School promotes objectives of Education (General Provisions) Act 2006. In particular, the P & C Association of Woolloowin State School supports the intention of a student dress code in providing a safe and supportive teaching and learning environment by:

- ready identification of students and non-students at school;
- eliminating distraction of competition in dress and fashion at school;
- fostering a sense of belonging;
- developing mutual respect among students through minimising visible evidence of economic or social differences.

The Woolloowin State School Student Dress Code Policy clearly articulates the agreed standard and items of clothing that Woolloowin State School students wear when:

- attending or representing their school;
- travelling to and from school; and
- engaging in school activities out of school hours.

The Woolloowin State School Student Dress Code Policy reflects the Woolloowin State School community standards and are consistent with occupational health and safety and anti-discrimination legislation and the Sun Safety Strategy.
